

# We are looking for a: **Scientific Communication Specialist** for Barcelona office headquarters

## **About us:**

SOLTI is an academic research group that performs clinical trials of excellence in oncology. Currently, SOLTI is comprised of over 400 renowned research professionals distributed over a broad network of more than 110 leading hospitals in Spain, Portugal, France and Italy.

SOLTI focuses its efforts on developing cutting-edge clinical trials with novel targeted therapeutics including innovative translational research, fostering the participation of research into cancer in international networks and promoting excellence in the management of cancer among their members.

Get to know us at: [www.gruposolti.org](http://www.gruposolti.org)

## **Main responsibilities:**

- Manage the execution of the scientific and educational events included in the annual plan.
- Maintain the corporate contents related to all the scientific projects updated in the webpage.
- Develop audience-appropriate content for diverse channels, such as Web, social and medical/scientific press.
- Review externally elaborated scientific contents related with the group.
- Manage and follow-up ad-hoc communication actions associated to SOLTI's scientific projects
- Coordinate budget preparation and control and liaise with the Finance area and/or external partners.
- Contribute to the medical education activities' advertisement to reach the target audience.
- Coordinate the preparation of post-event internal reports considering all relevant metrics.
- Contribute to amplify the impact of SOLTI scientific publications internally and externally.
- Contribute to all internal communications related to recent developments or publications of SOLTI trials.

## **We are looking for:**

- Life Sciences degree
- Desirable Scientific Communication training
- Advanced English level.
- Ability to understand complex scientific information and translating it into relevant and understandable messages for diverse audiences
- Superior communication skills, both written and oral
- Capable of preparing accurate, concise and didactic content for presentations
- Excellent computer literacy (Microsoft Office: Word, Excel, PowerPoint; Online metric tools...).
- Working knowledge of specialized social media environments

## **What we offer:**

Join a non profit organization with cutting-edge projects and high social impact, with an interesting clinical studies pipeline in a close work environment and teamwork mindset.

We offer work life balance, possibility to work homebased up to 3 days per week, flexible working timetable, extra benefits, attractive headquarters office location and a great people team. This is a full-time position.
