## AGENDA

- 
- 16:00 **Welcome**  
Coordinators (Dr. Eva Ciruelos (University Hospital 12 de Octubre (Madrid), HM Hospitales and Vice President of SOLTI) and Dr. Mafalda Oliveira (Vall d'Hebron Institute of Oncology (Barcelona) and SOLTI Governing Board Member)
- 16:10 **Overview: breast cancer as an example of innovation in oncology**  
Dr. Mafalda Oliveira (Hospital Vall d'Hebron/VHIO, Barcelona)
- 
- 16:20 **Main clinical results in different tumors**
- 16:20 | ADCs in breast cancer - Dr. Javier Cortés (International Breast Cancer Center)  
16:35 | ADCs in lung cancer - Dr. Rosario Campelo (U.H. a Coruña, Galicia)  
16:50 | ADCs in genitourinary cancer – Dr. Guillermo de Velasco (U.H. 12 Octubre, Madrid)  
17:05 | ADCs in digestive cancer - Dr. Fernando Rivera (Hospital Marqués de Valdecilla)
- 17:20 **Response biomarkers and resistance mechanisms**  
Dr. Leif Ellisen (Massachusetts General Hospital, USA)
- 17:40 **Round table**  
Moderated by coordinators
- 
- 18:10 **Break**
- 
- 18:40 **ADC toxicity**  
Dr. Aditya Bardia (Massachusetts General Hospital, USA)  
Moderator: Dr. Cristina Saura (Hospital Vall d'Hebron/VHIO, Barcelona)
- 19:00 **Genetic variants and toxicity derived from ADCs**  
Dr. Rodrigo Sánchez (Hospital 12 de Octubre, Madrid)
- 19:10 **Main clinical toxicities in different organs**
- Round table**  
Pneumology and ophtalmology experts, one patient and coordinators
- 
- 19:30 **Conclusions and closure**
